

The image displays several rolls of decorative paper. One roll is white with a subtle texture. Another is blue with a repeating geometric pattern of squares and stars. A third is teal with a fine, woven-like texture. A fourth is yellow with a smooth finish. The rolls are arranged diagonally across the frame, with some unrolled sections showing the paper's surface.

Papermon.

GENERAL CATALOG

The image features five rolls of Papermon tablecloth, each with a distinct color and a textured, woven appearance. The rolls are stacked horizontally, with the orange roll at the top, followed by a blue roll, a white roll, a yellow roll, and a teal roll at the bottom. The background is a solid, light gray color.

PAPERMON. THE DIFFERENT TABLECLOTH.

Thanks to the experience gained in over twenty-five years in 20 international markets, we are able to guide our customers in the choice of the product most suitable for their needs, without ever ceasing to invest in quality.

Papermon is an experienced and reliable partner that produces high quality disposable table linen Made in Italy, offering maximum product and packaging customization.

INSIDE PAPERMON.

STYLE IS PART OF OUR DNA.

We have been producing private label disposable table linen for over twenty years, to bring style, elegance and quality Made in Italy to tables all over the world.

For this reason, our private label products represent important elements of differentiation and competitiveness for our customers in the retail, hospitality and large-scale distribution sectors. Efficiency, innovation and customization allow us to meet the needs of a constantly evolving market.

Papermon combines quality and sustainability, offering products that enhance the elegance of the table, where attention is paid to every detail to ensure a high level of aesthetics and functionality.

OUR ACTIONS FOR SUSTAINABILITY.

We have taken action on several fronts to reduce the environmental footprint of our disposable table linen.

With the use of recycled and recyclable paper, we pursue the protection of forest resources, the reduction of energy consumption and the containment of CO₂ emissions. We print using water-based inks with a low environmental impact, with excellent performance in terms of luster, even with metallic colors.

Furthermore, we can use compostable inks on certified raw materials to avoid compromising the compostability of the final product.

PAPERMON EFFICIENCY

Our commitment to the environment is reflected in the use of eco-friendly materials and low impact production processes, offering solutions that respect the ecosystem without sacrificing quality.

Thanks to this philosophy, Papermon is the ideal partner for companies and consumers seeking products that are functional and sustainable, with a low environmental impact.

ISO 9001 CERTIFICATION

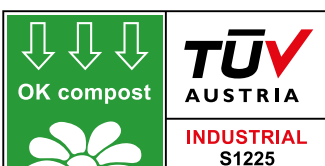

We control and monitor our processes through performance measurement in order to maintain and constantly improve the quality of our products and services.

A man with short grey hair, wearing a dark blue sweater over a light-colored collared shirt, is smiling and looking down at a laptop. He is standing in a factory or warehouse environment. In the background, there are large rolls of material, possibly fabric or paper, and industrial equipment. The lighting is bright and even. The overall tone is professional and focused.

CUSTOMIZATION AND PACKAGING

We continue to focus on quality, offering maximum customization of the service: custom designs, sizes, labels and packaging.

TAILOR-MADE IS OUR STANDARD.

What characterizes us is our ability to listen and our capacity to develop custom solutions, while respecting and safeguarding the environment around us.

We do not merely affix the customer's brand to our table linen. We design and produce custom product lines with personalized solutions that range from the sizes of the tablecloths to the designs, from the labels to the packaging.

Planning of the private label table linen includes consultation on the choice of colors and combinations, prints and patterns, also based on season, and the possibility of creating custom designs. There are no limits to your imagination: our creative team is dedicated to customising tablecloths, table runners and placemats and to developing high quality customised disposable sets.

IN-HOUSE PRINTING

Our table linen is printed using water based inks with a low environmental impact, with excellent performance in terms of lustre, also with metallic colours.

ASSORTED BOX

A display box for products with different colors or prints, perfect for the retail channel and to offer trendy combinations with a single product reference.

SPECIAL COLLECTIONS

Thanks to the creativity and style of Papermon products special occasions become... unique! Every year we create new collections for holidays and seasons with colors and patterns inspired by the latest style trends.

CUSTOMIZED PATTERNS

In addition to our standard collections, all our products can be enhanced with custom prints. Starting from a design, or even from a simple concept, we create customized products with the unmistakable touch of our creative team..

READY-TO-SELL BOX

Practical and versatile, also available with easy opening and customised label, ready to be displayed.

TAILOR-MADE LABELS

We offer specific assistance for the creation of labels for private label products, with the distributor's or retailer's brand.

CONTINUOUS IMPROVEMENT.

Dressing each table with personality and style: this is the goal that guides our activities.

We wish to put our stamp on the idea of tablecloth, making it a versatile and characterful complement, capable of transforming time spent at the table into special occasions, without ever abandoning the focus on quality and safety that has always distinguished us.

The production processes are traced by our Quality Management System with ISO 9001:2015 certification offering a guarantee for our customers. Our in-depth knowledge of European legislation allows us to offer tailor-made services and expert advice.
