

## PROFESSIONAL line

BEAUTY sector

MEDICAL sector

Our Cotton Plus PROFESSIONAL line is made up of **pure high quality cotton wool items, manufactured according to the European Pharmacopoeia and Regulation.**

All our products are made with 100% cotton, bleached with hydrogen peroxide, without any optical bleaches, **hypoallergenic and dermatologically tested.**

In addition to the classic range of carded cotton products, **stands out our innovative line manufactured with hydro-entangled/spunlace cotton:** due to the strength and the absence of lints, it is highly recommended **for the professional applications for both beauty and medical/health care sectors.** We know very well our customers needs and expectations: for this reason, we are able to offer our premium cotton products, but with a good value for money as we optimise costs of packaging and transport.

### INNOVATIVE RANGE

#### Products made of hydro-entangled/spunlace/nonwoven cotton

Innovation in the professional sector: the **PROFESSIONAL PADS**, from 200 to 700 pads of 100% pure cotton, supplied in space saving packaging, where the clear bags with a black and white sticker are vacuum pressed in order to save as much money as possible in transport costs. Perfect for beauty sector, for make-up and nail polish removal in salons and spas, those are particularly appreciated in medical sector for tampon during blood tests and injections. Available also in a shelf friendly format, branded with our quality brand Cotton Plus!

### CLASSIC RANGE

#### Products made of carded cotton

The classic soft and absorbent carded cotton wool: **COTTON COIL**, perfect for hairdressers to protect the skin from hair dye and bleaching, **PLEATED COTTON** also pre-cut, **ROLLED COTTON**, **COTTON BALLS** and **PROFESSIONAL BALLS**, supplied in shelf formats or in large, practical and convenient formats ideal for professionals.
