Utility

Mr.Eco is the new MartiniSPA collection made with **100% biodegradable, recyclable and plastic-free** materials that reduce the impact on the planet, in order to take care of the home, respecting nature.

Natural ingredients are a resource to be rediscovered: that's why Mr.Eco uses for its products **plant-based cellulose**, very soft and super absorbent; **sisal**, natural and super durable fibre obtained from the processing of Agave; **vegetable soap**, to reduce the use of chemical detergents.

Our boxes respect nature! Mr.Eco packaging is made with FSC certified paper.
