VISION

In a world where disorder often seems to reign, we at **M-Home** are committed to doing our small part to instill a sense of organization and order. We aspire to infuse homes with the elegance, design excellence, and savoir-faire intrinsic to our Italian and French roots. Our line of household products is conceived not merely to cater to practical needs, but to play a role in creating beautiful, organized living spaces. Through this, we aim to inject a touch of serenity into everyday life, contributing to a world that is just a little more serene.

CELEBRATING THE MERIT OF EUROPEAN MANUFACTURING

With established operations in **Italy**, **France**, and **Spain** M-Home delivers smart and vibrant solutions for optimizing residential spaces. The company maintains a steadfast commitment to sustainability while ensuring high-quality products. In addition, **M-Home** proudly collaborates with prominent European distributors within the large-scale retail, do-it-yourself, and home improvement sectors.

MISSION STATEMENT

Our mission at **M-Home** is to address the ever-changing needs and desires of our customers by designing and delivering an assortment of high-quality and sustainable household goods that perfectly balance style with functionality. This design ethos goes beyond the product itself, considering its purpose and position within the home while upholding our commitment to the future by continuously expanding our eco-sustainable line of products under the We Love Nature / **Greenloop** brand. From our founding, we have recognized and deeply valued the essential role our clients play in introducing our products into the home and have consistently endeavored to foster their trust and enhance their satisfaction through our innovative and adaptable strategies in delivering our products to their shelves.

WE

NATURE

Greenloop®

Introducing **GreenLoop**, the innovative line from **M-Home**, where superior quality meets thoughtful design, all produced with an eye towards environmental stewardship. Each product within the **GreenLoop** range is meticulously crafted from recycled plastics. Leveraging cutting-edge manufacturing techniques, **GreenLoop** breathes new life into plastic, symbolizing **M-Home**'s unwavering commitment to a more sustainable future. With **GreenLoop**, we're not just giving plastic a new purpose, but also empowering you to make a tangible contribution to a greener planet.
